Corporate Leadership

STELLAR INNOVATIONS & SOLUTIONS INC.

The Choice for Professional & Managed Services

Who We Are

Stellar Innovations & Solutions Inc., (SIS) was founded in 2008. SIS provides Professional Services & Information Technology (IT) Support and is fast emerging as an innovator with a record of success transforming customer’s business operations. Our success stems from an established corporate infrastructure, performing industry best practices backed by third-party certifications, and hiring and retaining quality personnel to support our customer missions. SIS is a Prime contractor on 90% of our projects and have a solid base of sub-contractor relationships to utilize when niche skills are required.

The Road to Adaptive IT

Your mission depends on evolving business needs and adoption of key technologies to leverage savings in cost and increase in capabilities to your end users. We are witnessing a movement from mindsets rooted in linear frameworks into processes which respond to changing requirements more quickly. Move to the cloud, Agile development, and DevOps are but a few of the issues program offices must deal with in a seeming avalanche of new terms, new technologies, and new policies. SIS is your partner in developing risk strategies and implementing the processes needed to reach your goals.

Contact SIS to speak with an expert about: 5000.02 vs 5000.02T; Acquisition Pathway for your program; Software Acquisition; Defense Business Systems; Rapid Prototyping; 5000 Functional Policies; RMF Tier 3 Information Systems; RMF Security Life Cycle; NIST SP 800-37; NIST SP 800-53; NIST SP 800-128; NIST SP 800-160; FIPS 200
